Dear Antonio,

Note, that according to the terms of your license, you can not remove AnyChart logo, the name, and URL from credits (http://docs.anychart.com/latest/Quick_Start/Credits), but you can change the text to mention your organization as well. Doing otherwise, without the prior consent of AnyChart.Com will violate the license agreement. Alternatively, you can remove the AnyChart logo, the name, and URL in charts, but mention and link AnyChart somewhere on your website as substitute credits.
